BEST AVAILABLE COPY

## Instructions to Reviewers:

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.
2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

## Time for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

The USPTO publishes patent applications at 18 months from the earliest claim of the date. The USPTO will delay the publication of a patent application made available to a defense agency under 35 USC 181 until no earlier than 6 months from the filing date or 90 days from the date of referral to that agency. This application will be cleared for publication 6 months from the filing date or 90 days from the above "Date Referred" whichever is later, unless a response is provided to the USPTO regarding the necessary recommendation as to the imposition of a secrecy order.

**Instructions to Reviewers:**

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a security order recommendation.

2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose security has been made or a security order has been rescinded.

**Notice for Completion of Review:**

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a security order.

35 USC 184. (a) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (b) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (c) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (d) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (e) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (f) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (g) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (h) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (i) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (j) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (k) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (l) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (m) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (n) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (o) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (p) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (q) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (r) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (s) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (t) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (u) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (v) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (w) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (x) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (y) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application. (z) If the subject matter of an application for a patent is determined to be a security order, the application shall not be published in the patent office until the expiration of 6 months from the filing date of the application.
